

Fire Protection Online

Graduate Certificate in Engineering: 12 credits / 4 courses

Four courses are required for the Graduate Certificate in Engineering.

Fire Protection Core Courses:	
	ENFP655 Smoke Control* ¹
	ENFP625 Advanced Fire Modeling*
	ENFP651 Advanced Fire Dynamics*
	ENFP653 Advanced Fire Suppression*

¹ Students who have taken ENFP627 Section EF01 are not required to complete ENFP655. ENFP627 Section EF01 will count as a GCEN course.

*NOTE: Any courses not listed above must be approved by the Senior Academic Advisor **PRIOR** to registration.*

Important Note: Students who completed their undergraduate degree in Fire Protection Engineering at the University of Maryland should work closely with the Senior Academic Advisor prior to registration as additional course restrictions may apply based on completed undergraduate curriculum.
